

NL3000A

DG11000SE

NL6500AE

DG16000SE/22000SE

### APPLICATION

The TAFLO range of generators are compact high quality portable generators designed for domestic and medium duty applications.

The NL models are fitted with Petrol powered engines and are for single phase applications. They are fitted with a muffler to reduce the noise to a comfortable 65dB and 78dB respectively.

The DG models are fitted with Diesel powered engine and are suitable for both Single and Three phase power applications. They are fitted with a sound reduction canopy for low noise level and heavy duty caster wheels for ease of movement

### TECHNICAL DATA

Model	NL3000A	NL6500AE	DG11000SE	DG16000SE	DG22000SE
MAX Output(kW)	2.5	6.5	7.5	11	13
Rated Output(kW)	2.3	6	7	10	12
Noise Level at 23ft(db)	65	78			
Starting System	Recoil/Handstart	Electric Start			
Engine Model	168F-1	190F	195F	2v92	2v95
Max Power Output(HP)	6.5	15			
AC Voltage(V)	220		380-415		
AC Frequency	50Hz				
Fuel Tank Capacity (L)	15	25	30		
Oil Capacity(L)	0.6	1.1	1.65	4.0	
Dimensions (mm)	605*440*440	690*525*550	114*64*89	131*84*86	137*84*98
Net Weight(Kg)	38	72	212	355	378
