POOL THERMOMETER

LIFE GUARD RING

Plastic

SALT WATER CHLORINATOR

Boss salt water chlorinator takes care of your pool's chlorine requirements. It is easy to use and maintain and only requires periodic removal and cleaning of electrodes. It is fitted directly on to the swimming pool return pipe and uses low level swimming pool grade salt: 4000 ppm being sufficient to generate the indicated amount of chlorine on an 8 hour operation, giving you many years of trouble-free service.
