APPLICATION

TAFLO high pressure washers are compact robust machines designed for washdown and carwash where high pressure is needed. They come in two models, one being electric and the other petrol engine driven for remote application where mains power supply is not available. They are supplied complete with 10m pressure hose, long nozzle pressure gun and mounted on a trolley with inclined handle for ease of operation. They are fitted with control knobs for adjusting pressure

TECHNICAL DATA

Model	170NB	ES3-4-PE200
Rated Pressure(bar)	170	140
Max pressure(bar)	190	170
Flow(Lpm)	9	12.6
Power(HP)	6.5	4.0
Pressure hose(m)		10
Displacement(cc)	196	
Speed(R.P.M)	3400	1450
Wheel size(inches)		10
Weight(kg)		52
Dimensions(mm)	L	770
	W	480
	H	360
